

Welcome to the Second Annual Remember The 5 Golf Tournament!

Our motto, Arrive Alive, means that we want our teen drivers to arrive at their destination safely! At the heart of everything we do is a passion for people. We are committed to working with teens and those affected by reckless and distracted driving to distill meaningful messaging that moves people, not only emotionally, but also to change their behavior.

We will help build and maintain a culture that **Remembers the Five** and strives to save one life. Through development of information at the site of the September 28, 1968 collision, through student-centered curriculum and scholarship, through engagement with the community, through the creation of a memorial plaza at the schools, and through a collaborative relationship with Enterprise High School, the Shasta Union High School District and the Shasta County Superintendent of Schools and beyond, we will design and create exemplary safe-driving programs which save lives.

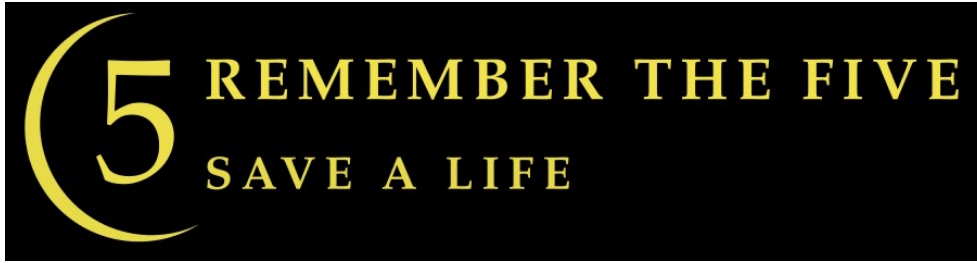

Your support will help us in reaching our goals. And to those who participated last year, Thank You! Our goals are simple: (1) Establishing perpetual scholarships in the name of Debbie, Donna, Jennifer, Kathy and Shelley recognizing seniors who have endeavored to make the world a better place, starting with safe driving practices and wise decision-making at Enterprise High School; (2) develop curriculum which engages students at EHS and promotes safe and healthy choices, and (3) to rebuild the memorial fountain with the intent of creating a culture on campus that promotes these ideas. SAVE ONE LIFE!!

Our extended goal is to bring this program to ALL high schools, county, state and eventually nationwide. We will start by adding a RT5 club to our campus and become an outreach to others while staying actively involved in community like programs and bringing current awareness to our peers.

We appreciate your support and look forward to continue sharing our mission with you.
